

Drinking Water Taps

Kinetico offer a range of attractive taps to ensure your Kinetico water softener and/or drinking water filter/ system compliments its surroundings.

Whether you want an alternative to the standard Kinetico lead free drinking water tap or want the convenience of a three-way tap, Kinetico offer a range of taps to suit most decors.

Luxury Lead Free Drinking Water Taps

Ideal for customers who want exceptional quality and stylish good looks.

These taps are available in 8 colour finishes and two different heights.

(Chrome shown left)

Three-way Drinking Water Taps

An ideal solution to plumbing in a filtered water supply without having to install a separate counter-top tap. (ie. granite worktops/sinks)

Deluxe Drinking Water Taps

These lead free designer taps are ideal for customers looking for an exceptional quality product for use with their water softener installation or Kinetico Drinking Water system. Designed with a taller spout to allow easier access with a kettle or jug.

All have fully serviceable inner components, a ceramic valve for a smoother action and longer life, 1/4 turn full flow lever, 110mm stem/thread to cater for thicker worksurfaces and a removable spout.

For special installations with height restrictions we can supply a shorter (by 2" / 51mm) spout. Available in all eight finishes

Three-way Taps

Our range of three way taps allow you to have your filtered water supply dispensed through the main kitchen tap along with your hot and cold water supply.

If you don't want to have an extra tap on your worksurface, granite work top or sink a three-way tap is the ideal solution.

Whether you prefer a modern single lever in chrome or traditional tap with porcelain effect handles we have a tap to suit your decor.

JORDAN (shown above)

Clean, attractive lines and a long spout make the Jordan a striking tap. Available in Chrome and Brushed Steel (shown) finishes that both work well with contemporary and traditional environments. It has solid easy reach handles for efficient operation and a rotating swan neck that allows accurate flow direction.

Available in Chrome & Brushed Steel (shown) finishes

COLONIAL

A timeless and classic design, the Colonial is a popular choice. Porcelain effect handles give this tap a traditional feel.

A long spout gives excellent reach enabling flow direction to more than one bowl. Easy to use handles are an added benefit on this model.

Available in Chrome (shown) & Gold finishes

Three-way Taps
